Water Instruments	Building & Road	GIS Surveying IT	Water & Environment
	Curriculum Vita of H	Farhad Daliri	E-Mail: farhad.daliri@gmail.com
	Hydrologi	st	<b>Cellphone</b> +98 912 0851354,
			Physical condition: good, Birth: 1975, Tehran, Iran
			Work Place: Dep. of Civil and Env. Absam Co.
			ORCiD: 0009-0004-8568-169X
ecialty: Watershed Managemen	t Eng. – Hydrology Univ. of Tehran, Iran,	2001.	Google Scholar Farhad Daliri

**Research Interests** 

- Hydrologic & Hydraulic simulation/ Uncertainty Analysis / AI
- Flood Control & Hydraulics
- Groundwater Modeling
- Hydro-Climate & Water- Environmental Planning

#### Academic qualification

BSc. Eng. of Watershed Management- with emphasis on Soil and Water Conservation Eng. Univ. of Tehran, 2001.

**Project**: <u>*Hydrology & Water Resources*</u>: Flood estimation based on innovative Daliri CN method with SCS and data analysis, salt tracing & ROD ruler in ditch, Taleghan, Alborz".

MSc. Eng. of Watershed Management- Hydrology. Univ. Science and Research Branch of Tehran, 2007.

Thesis. Planning "Alavian Dam rule curve by Lingo programming.

(Main course: River Engineering/Water resource management /Soil erosion & Sediment/Flood Control/Snow & Avalanche/Water Quality/Water-Soil-Plant relations/Systems Analysis

#### Teaching Background

- ✓ Part time Instructor Shahid Abaspour Univ., 2010-To be continue:
- ✓ Hydrology & Hydraulics, Geohydrology.

Member of Societies

- -Iran Science & Water Resources Engineering, 2008, NO. 87-01-106
- -Iran Science & Watershed Management Engineering, 2008, NO. 1370.

#### Academic research

- 1) Hashemian, S.J., Fatehrad, M., Tajrishi, M., **Daliri, F**., & some of elites. 2012, "Draft: "National water technology development document" Water and Energy Research Institute, Sharif Univ.
- Daliri, F., (2000), "Assessment of erosion & sediment models in Iran. Prof. S. Feiznia, Faculty of Univ. of Tehran & Dr. J. Ghoddosi, Faculty of Tehran watershed management research Institute.

Private Joint Stock

Water Instruments	Building & Road	GIS Surveying IT	Water & Environment
Methodology preparation			

- 1) River training of Lorestan Rodbar Dam and Powerhouse Project, IWPC, Sakoo Co, 2015.
- 2) Sediment and flood control of Karon 4 Dam, IWPC, Mahab Ghodss Co, 2009.
- Watershed management and sediment control of Dez Dam, Ahvaz Regional Water Co, Mahab Ghodss Co, 2008.

#### Lecture

- Considering of groundwater fluctuations in urban regions, Khorasan Razavi urban engineering Org, IRAN 2013.
- 2) Systematic watershed management in IWRM & urban environment, Khorasan Razavi, watershed management Org, 2013.

#### Technical Reviewer

- 1) Groundwater studies, Effect of exploitation of mine on aquifer pollution, ALIABAB-YAZD, Water & Energy Institute of Sharif Univ. of Technology, Dr. Torkian, Iran, 2011.
- Methodology of Flood Managemen in IRAN Dam Reservoirs, Sharif Univ. of Technology, Dr Abrisham chi, Shahid Beheshti Univ. Dr.Seraji. 2011.
- 3) Technical report of Hydrology in many of Consulting Eng Co from 2010.

#### Work Experience-Technical Reports

Project Management, Iran, Absam EPC Co.

Year: 2021-2023

Location: Zabol and Sistan, Province / Iran

Client: UNDP and Environmental Organization of Iran

Main project features: Flood control

Positions held:

• Project manager / Hydraulic and hydrology expert Phase: 0

Activities performed:

Hydraulic and hydrology and society studies

Project Management, Iran, Absam EPC Co.

Year: 2021-2023

Location: Ahvaz, Province- Kot Abdola / Iran

Client: Urban management Org.

Main project features: Flood control

#### KAVOSHPEY MASHAD Co.

Year: 2013-2014

Location: khorasan Province (Sangan Urban & Razavi Province) / Iran

Client: Khorasan regional water Company & Municipality Authority

Main project features: river engineering, flood forecasting, urban runoff

Positions held:

• Supervisor and River Section manager Phase: Design & Study

Activities performed:

Methodology of flood forecasting Firozeh shah Job river, flood zonning, urban runoff collection, review of KALE KHOSHK river water transmission.

Updating of Water Resource Master Plan, Caspian Sea and Urumiya Basins, MAHAB GHODSS Co.

Year: 2009-2010

Location: 13 Provinces of Iran

Client: Ministry of Energy

Main project features: Water planning for the existing and development conditions, for Qezelozan – Sefidrood, with 8 provinces and 64471 km<sup>2</sup> sub-basins.

Positions held:

• Flood, Drought, Erosion expert, Member of technical committe Phase: Master Plan

Activities performed:

Mapping of flood and drought damaging, Sediment and erosion team leader, Statistic Analysis

Watershed Management, MAHAB GHODSS Co.

Year: 2010-2010

Location: Tehran Province (Shahrestanak and Arad) of Iran

Client: Organization of Forests, Rang and Watershed Management, Iran

Main project features: Elementary phase, Flood control and phizioghraphy, Water harvesting

Positions held:

• Hydrologist, Member of technical committe Phase: Elementary
